

DEVELOPMENTS OF REGIONAL IMPACT

ANNUAL MONITORING REPORT 2005

Prepared by

**The Southwest Florida
Regional Planning Council**

September 1, 2005

SOUTHWEST FLORIDA REGIONAL PLANNING COUNCIL MEMBERSHIP

CHAIRMAN..... Commissioner Rue Berryman
VICE CHAIRMAN..... Commissioner Jon Thaxton
SECRETARY..... Vacant
TREASURER.....Dr. Edward Elkowitz

CHARLOTTE COUNTY

Commissioner Tom Moore
Commissioner Adam Cummings
Council member Marilyn Smith-Mooney
Mr. Frank C. Weikel
Ms. Andrea Messina

GLADES COUNTY

Commissioner Kenneth S. Jones
Commissioner Paul Beck
(Vacancy for City of Moore Haven)
Dr. Edward Elkowitz

LEE COUNTY

Commissioner Robert "Bob" Janes
Commissioner John Albion
Councilman Mickey Rosado
Councilman Mick Denham
Mayor James Humphrey
Mayor Bill Van Duzer
Mayor Jay Arend
Ms. Margaret Emblidge
Mr. James Green

COLLIER COUNTY

Commissioner Jim Coletta
Commissioner Tom Henning
(Vacancy for City of Naples)
Mr. Michael J. Volpe
Ms. Patricia Carroll

HENDRY COUNTY

Commissioner Darrell Harris
Commissioner Bill Maddox
Mayor Mali Chamness
Commissioner David Lyons
Ms. Janice E. Groves

SARASOTA COUNTY

Commissioner Jon Thaxton
Commissioner Paul Mercier
Commissioner Rue Berryman
Councilman Fred Hammett
Mr. James A. Paulmann
Mr. Alan Maio

EX-OFFICIO MEMBERS

Ms. Jacque Rippe, SFWMD
Ms. Janet Watermeier, The Florida Gulf Coast Group
Mr. Jon Iglehart, FDEP
Ms. Joanne McClellan, SWFWMD
Mr. Johnny Limbaugh, FDOT

SOUTHWEST FLORIDA REGIONAL PLANNING COUNCIL STAFF

DAVID Y. BURR.....EXECUTIVE DIRECTOR
KEN HEATHERINGTON.....PLANNING DIRECTOR
DAVID E. BRUNER.....LEGAL COUNSEL

Glen H. Ahlert	Julia B. Davis	Jennifer Pellechio
Marisa M. Barmby	Liz Donley	Brian Raimondo
Lisa Beever	Nancy Doyle	Daniel L. Trescott
Darcy Bowen	John L. Gibbons	John Voges
Susan Brookman	Ron Gogoi	Timothy Walker

INTRODUCTION

The purpose of the 2005 DRI Update is to serve as a summary of the status of the DRIs located in southwest Florida from 1974 to the present. The Southwest Florida Regional Planning Council staff used various sources to obtain the information contained in this report. These sources include annual monitoring reports, previous reports, DRI applications, Notice of Proposed Change applications, and development orders. The 2005 DRI Update is a collection of monitoring reports that are based on the guidelines established by the Florida State Legislature. Each report is required to follow the standard State questionnaire, which specifies the issues to discuss (as applicable) to the DRI development.

The annual monitoring report indicates, if applicable, the following information about a particular DRI: (1) DRI identification number; (2) Name of Project; (3) Location of the DRI; (4) DRI due date; (5) Applicant and Applicant's Representative; (6) Owner; (7) Description of the Approved Development; (8) Description of the Project's Current Activities; (9) Recent Modifications to the DRI; (10) RPC Official Findings; and (11) the physical and spatial characteristics of each development.

The 2005 DRI Update also includes a project location and development status list, summary tables by county for approved uses and constructed uses for active DRI projects, and maps showing the locations of active DRI projects within each county. Active DRI projects include all projects that have not been withdrawn, denied, or abandoned. Appendix A contains the Approved Uses and Construction Activity tables for each county and the region as a whole. The Approved Uses tables show the total acreage, number of housing units, commercial space, industrial space, office space, hotel rooms, hospital rooms, wet slips, and dry slips approved for each viable DRI in the county. The Constructed Uses tables show the number of housing units, commercial space, industrial space, office space, hotel rooms, hospital rooms, wet, and dry slips constructed for each viable DRI in the county. The amendment number and approval date for each project as well as the dates covered by each monitoring report are also included. A map of each county gives a geographical location of the DRIs and demonstrates the overall activity for the region.

Projects approved before 1980 are not required to submit an annual monitoring report. Recently, the State amended the update requirements for DRIs, allowing new projects to submit a monitoring report biennially rather than annually. Current projects have the option to switch to biennial reporting.

Since the inception of the DRI review process, 185 Applications for Development Approval (ADA Applications) have been submitted for review in the Southwest Florida Region. DRIs in the region, comprised of Charlotte, Collier, Glades, Hendry, Lee, and Sarasota Counties, have been under the jurisdiction of three regional planning councils. Prior to 1975, the Tampa Bay Regional Planning Council (Sarasota County) and the South Florida Regional Planning Council (for the remaining counties) reviewed the Southwest Florida DRIs. A total of 16 DRIs were reviewed by these RPCs. In 1975, the Southwest Florida Regional Planning Council began

reviewing DRIs for the six-county region. As of September 1, 2005, 169 Developments of Regional Impact have been reviewed, or are under review, by the SWFRPC.

DRI TRENDS AND ANALYSIS

Southwest Florida continues to be a thriving region for development because the area has a wonderful climate, attracting builders and homebuyers. Much of the economic growth in this region remains consistent with population growth for the region, as Charlotte, Collier, Lee, and Sarasota Counties have continued with Development of Regional Impacts. Growth has remained slow in Glades and Hendry Counties as applications for DRIs are few in number to date. Although the region is experiencing some changes in land use patterns as development activities include commercial, government, industrial, multi-family residential, and retail land; single-family residential development continues to dominate the region's land use activity.

During the last reporting period (July 1, 2003 to September 1, 2005), Palmer Ranch Increment XVIII (180), Palmer Ranch Increment XIX (181), The Forum Phase II (Forum/Omni Substantial Deviation) (182), The Town of Ave Maria (183), University Baptist (Summit) Church (184), and Isles of Athena (185) submitted applications for Development of Regional Impact review. As of this report, the two of these DRIs were approved (180 and 183), three of these DRIs are under some level of review (182, 184, and 185), and one of these DRIs was denied by the local government (181).

DRI MONITORING ISSUES

The purpose of the DRI Update Document is to allow the people in the Southwest Florida Region to gain an understanding of some of the development that is approved for the area in the hopes that this insight may lead to more sound planning decisions.

The DRI update document is a work in progress that changes constantly. Staff makes every effort to incorporate the most recent monitoring information and amendment changes as they occur. It is important to note that the source of the monitoring information contained in this document is frequently the developer/owner/agent for the DRI itself. Staff takes every effort to make sure that the information in the 2005 DRI Update is accurate. However, staff also realizes that there may be mistakes and hopes that anyone who reviews the document will inform staff of changes that need to be made.

Another issue is the development flexibility allowed by some of the development orders. Developments that offer more than one option for development prove hard to fit within the land use classifications. In most instances, the maximum development allowed under each land use is recorded in that box and an explanation is given elsewhere. Also, several developments group land uses such as office and commercial into one classification, thereby causing the numbers in our tables to skew.

Current Project Status The Sarasota Board of County Commissioner issued a development order for denial. The developer failed to revise the project. Eventually, the property was sold to Palmer Ranch and is now a part of the Palmer Ranch Master DRI. The project no longer exists.

Recent Modifications The project was not built because the development order was denied.

Current Project Status The Sarasota Board of County Commissioners initially denied the DRI (01/17/74), but later issued a development order (07/23/74) for a smaller project (294 units plus the golf course on 956 acres). The developer refused the reduced approvals. The DRI was never built.

Recent Modifications This land became part of the Prestancia DRI project (ID# 50).

Current Project Status Project was denied and later was incorporated into the Palmer Ranch Increment IV and VIII (ID# 85, 144).

Recent Modifications The developer appealed the County's denial decision to the Governor and Cabinet, sitting as the Florida Land & Water Adjudicatory Commission, but the Commission upheld the local decision.

Current Project Status This project is now the Sarasota Square Mall. In 1987, the mall completed substantial deviation review (see ID #88). Subsequently, a second substantial deviation review was filed and was placed on indefinite hold. The second review was withdrawn (see ID #147). As of November 1, 2000, the mall contained 898,549 square feet of leasable space.

Recent Modifications In 1997, the second substantial deviation review was placed on indefinite hold (see ID #147). The application was withdrawn the following year.

Current Project Status No 2000 annual report was received for Bell Tower Mall or Pinebrook Park, the two projects sharing the DRI. However, with recent activity, the previous annual data suggests that the DRI contains 171,638 gross square feet of office space, 286,279 gross square feet of retail space, and 312 hotel rooms.

Recent Modifications During 1999 and 2000, the remodeling of the Bell Tower Mall continued, with a number of new stores and restaurants being added. The 90-room hotel at Pinebrook Park was completed and in operation.

Current Project Status In 1987, common lands were deeded to the homeowner's association. A much smaller number of units were constructed. The original plan proposed 1,226 and 935 units received building permits from Collier County. The project had 925 units.

Recent Modifications The project was turned over to the homeowner's association. The final project ended in 1993 with 935 units approved and 925 built.

Current Project Status The Interlochen Development was sold to the State of Florida in 1990 and will no longer be developed. Seminole Gardens is now owned by the above named developer and could still be developed. No development has occurred.

Recent Modifications The Seminole Gardens subdivision is no longer a DRI. It was approved for 220 units on 110 acres. The Interlochen Subdivision no longer exists. It was approved for 1,320 units on 660 acres.

Current Project Status Approved for an 8,400-ft. commercial jet runway and taxiway, a 3,700-ft. general aviation runway and connecting taxiways, a 28-gate terminal, an air cargo facility, ramps, related roadway system, drainage, and a rental car service area.

Recent Modifications There are two modifications to this project, substantial deviation I (ID #112) and substantial deviation II (ID #119). The Lee County Port Authority is in the process of completing the Airport Master Plan Update. An application to amend the Lee County Comp Plan to include the Airport Master Plan Update will be submitted ASAP. The Lee Plan amendment, when approved, will be consistent with the requirements of CS/HB 261, and the DRI for the airport will formally be abandoned.

Current Project Status As of 03/31/2003, the Pelican Bay DRI contained 1,035 hotel units, 35 nursing home beds, and 6,723 residential units. Office space totaled 435,998 square feet. A total of 414,100 square feet of retail space had been built. The Philharmonic Hall contained 1,221 seats and 460 parking spaces.

Recent Modifications On September 14, 1993, the Collier County Board of County Commissioners approved Ordinance #93-63, which required the DRI developer to develop an additional 20 acre park site to be dedicated to the County. See ID #99.

Current Project Status In 2005, a letter was submitted saying that development within Spring Creek East is completed and no further monitoring should be required. The last report was received in 1997. At that time, Spring Creek East contained 87 single-family homes, recreational amenities, a fire station and an elementary school. A planned 2.0 MGD wastewater treatment plant expansion was in the design stage. Spring Creek West is a part of the Pelican Landing DRI (ID #137).

Recent Modifications In 1997, the Master Site Plan was amended to create an alternative location for affordable housing and add multi-family uses to some parcels. In 2005, Zning Ordinance 05-14 amended the DO. It replaced Map H (residential portion) by reducing the multi-family component by 1 unit and increasing the single family component by 1 unit. Ordinance 01-22 approved the conversion of 150 hotel rooms to 25,000 sq. ft. of commercial footage for a total of 78,000 sq. ft.

Current Project Status As of June 2000, a 16,000 square foot aviation hangar and a 377,720 square foot aircraft parking apron was completed. In 1998, the State Legislature changed the name of the airport to the Charlotte County Airport Authority. The Charlotte County Airport Authority is working with the Southwest Florida Water Management District to develop an airport-wide environmental resource permit (ERP).

Recent Modifications In 1996, the original DRI was completed. A working relationship, facilitated by a verbal agreement, continues between the Airport Authority and the Southwest Florida Regional Planning Council.

Current Project Status The last report was received in 1992. At that time, the development contained 144,000 gross square feet of office space, 100 residential units, and 19 dock slips. Development may have stopped at that point.

Recent Modifications In 1992, production followed market demand. In addition, the City of Naples annexed the project.

Current Project Status The applicant states that this project is complete. However, as of the 05/25/2002 report, the DRI contained 1,053 residential units, 0 square feet of the 125,000 s.f. proposed commercial space, and 35,169 sf of the 75,000 office sf.

Recent Modifications On October 2, 1987, the project was purchased by Parker, Fort Myers, Incorporated. The original build out date has passed. The DRI should file a Notice of Proposed Change for phasing/build out extension.

Current Project Status No annual report has been conducted for this project since 1992. The Development Order for the expansion project has expired. Any development on the project will be subject to a new development order amendment or DRI abandonment.

Recent Modifications On September 17, 1987, a NOPC came before the RPC. This NOPC requested an extension in buildout by three years. The RPC approved the NOPC. Currently, there are no records of an amendment to the project either in RPC or Lee County's files. Any development order will require the developer to seek either a development order amendment or DRI abandonment.

Current Project Status The 2005 report did not include any information pertaining to number of units constructed. The 1996 information indicated that 392 multi-family units had been constructed within the development. Four tennis courts, two pools, and 28% of the DRI were complete. The Development Order for this project has expired.

Recent Modifications An Amendment to the DO was approved 12/4/2004. This changed the buildout date to 1/1/2009 and changed some of the transportation requirements. The project is now being sold as two distinct subdivisions and the golf course was never constructed due to environmental constraints.

Current Project Status The essentially built out agreement (07/22/03) states that 659,820 sq. ft. of commercial/office space has ben built and 11,709 sq. ft. remains in the designated expansion area. As of the last monitoring report on Dec 31, 2000, Woodmere Community Center contained 577,676 square feet of commercial (combined office/retail) uses.

Recent Modifications An essentially built out agreement was approved on 07/22/2003. It recognizes that the designated expansion areas may be developed within the property without further DRI review, subject to the DO and the County's comprehensive plan and land development regulations.

Current Project Status For the 2004 - 2005 reporting period, the following activity has occurred: 36 lots were sold. As of March 18, 2005, a total of 1,199 homes were constructed.

Recent Modifications The North portion of the property annexed to the City of Venice. The City of Venice adopted a new DO on May 8, 2001. On October 27, 1998, the Sarasota County Board of Commissioners approved the withdrawal of 8.13 acres from the DRI. The withdrawn parcel was annexed by the City of Venice for future commercial use.

Current Project Status In 1991, this project was completed. This marina included filling, flushing culvert, bulk heading, 216 slips, perimeter boardwalk, waterline extension, security lighting, electrical power, pump-out facilities, and the harbormaster's office.

Recent Modifications On March 15, 1990, the Southwest Florida Regional Planning Council approved a proposed amendment for a fueling facility and a radio tower at the marina. The amendment was approved by the City of Cape Coral.

Current Project Status As of October 17, 2001, there has not been any development activity. To date, seven payments totaling \$217,000 have been made.

Recent Modifications On July 27, 2004, the Lee BoCC approved an the Fourth amendment to the DO. This amendment changed the name of the project from The Habitat to Bella Terra, eliminated the golf course use from the project, revised the acreage assigned to lake and conservation areas, and revised the frequency of filing monitoring reports from annually to bi-annually.

Current Project Status Plans to construct a Design Center to serve its clients in one central location. This facility is not for general public use. The non-residential portion of this project may not exceed 450,345 sq. ft. of commercial and 90,000 sq. ft. of office facilities. Changes to this ratio constitute a Substantial Deviation.

Recent Modifications The seventh amendment to the DO (May 2002) is for the conversion of retail and office square footage to construct a 400,000 square foot design center, 50,000 square feet of office space, and a 125 room hotel. In addition, a 157 units would be eliminated in exchange for constructing the hotel. The Eighth Amendment to the DO (Jan 2003) increases retail from 236,200 sq ft to 450,345 sq ft; decreases office from 140,000 sq. ft. to 90,000 sq. ft.; and adds 125 hotel rooms.

Current Project Status The most recent report was received in 1996. At that time, the DRI contained 249,819 gross square feet of retail space, as well as 35,778 square feet of retail space in out parcels. Out parcels also contained 12,500 square feet of office space. During 1998, a portion of the DRI was remodeled.

Recent Modifications On November 30, 1998, the Lee County Board of County Commissioners extended the expiration date of the Development Order to April 7, 2001, and codified all previous amendments into a single development order. On February 2, 1998, the Development Order was amended to add 35,000 square feet to the project's retail uses. A 1996 amendment extended the DO termination date to April 1998.

Current Project Status Construction is underway on the Grande Oaks residential development that includes 815 units and a 18-hole golf course. The sports complex is complete with 7,950 seats and a 5,000 square foot restaurant. For progress on the Outlet Mall/Sports Complex portion of the DRI (the substantial deviation), see ID #150.

Recent Modifications The Miromar Outlet commercial tract was sold by UHLP's predecessor in interest. In December, 2000, UHLP sold commercial parcel located between Ben Hill Griffin Parkway and Corkscrew Road.

Current Project Status As of July 23, 199, the project is no longer required to submit annual reports or traffic monitoring reports due to the fractured nature of the ownership of the DRI. As of the 1999 report, a 104 room hotel (the Fairfield Inn) had been constructed. Much of the shopping center has been redeveloped. The DRI contains 310,354 gross square feet of retail space and 41,647 gross square feet of office space.

Recent Modifications The development order has technically expired. In light of the fractured nature of the DRI ownership, RPC staff will not require the Association to provide further DRI Annual reports or traffic information. However, they may be required in the future if some future DO should alter the nature of the development (staff letter 07/23/99).

Current Project Status The original DRI for the Sarasota Bradenton International Airport was completed in 1993. In December 1996, the Airport filed a substantial deviation application (ID #156). The application was approved in March 2000. As of August 10, 2000, the DRI contained a 318,938 square foot terminal building and a 54 acre commercial are was under construction. An additional southbound lane for US 41 was completed.

Recent Modifications The Flight Kitchen has been deleted from the development plan. The Sarasota Manatee Airport Authority has initiated the Land Acquisition Under Noise Program, the Master Landscape Plan, and applied for a substantial deviation from the existing D.O (ID #156). There is a second substantial deviation under review (ID #177).

Current Project Status As of the 1999 report, Murdock Increment I contained 525 multi-family dwelling units, 293,233 gross square feet of retail space, 13,071 gross square feet of office space, and 4,034 gross square feet of industrial space. The Increment also contained 58.60 acres of parks and open space.

Recent Modifications A NOPC went before the RPC Council on 1/15/04 to delete a portion of the property. As of 6/8/2005, no resolution has been rendered. Resolution 2004-019 extended the buildout date to June 13, 2008. Resolution #2003-053, approved on April 8, 2003, reduced the utility site from 2 ac to 1 ac and redesignated as Multi-family 12. The 107 acre MF-12 site with 868 dwelling units is increased to 108 acres with 868 dwelling units. The Master Development Plan (Map H) from this amendment is the official Map H for this project.

Current Project Status As of June 2004, HealthPark Florida has 240 acute care hospital beds, 1,068 residential units, 179,956 sq. ft. of medical office space, 42,200 sq. ft. of general office space, and 12,642 sq. ft. of commercial space.

Recent Modifications On May 2, 2005, the 5th Amendment was approved. It extended the buildout date, changed the land use parameters, and modified the transportation requirements. A 3.88-acre tract for the development of up to 38,000 square feet of general or medical office space was sold to Bondville Associates, LLC, a State of Florida entity, in March 2001.

Current Project Status February 20, 2001, a revised site and development plan (No. 98-0182) was approved for Waterside Village North by Sarasota County. As of December 2000, the DRI contained a 120 bed Bon Secours Nursing Care Center, 70,311 square foot medical office/diagnostic facilities, a 4,754 square foot bank, a total of 178 residential units, and a 103 bed assisted care facility.

Recent Modifications On July 28, 2004, the Sarasota County BoCC approved Ordinance 2004-024, which revised development order conditions and increased some of the land uses.

Others

Current Project Status The applicant reports that as of May 2001, the Winstar Hotel, a 77 room hotel that sits on 2.35 acres, was completed December 2000. Also, a commercial warehouse that consist of 148,000 square feet was completed January 2000 as well as the expansion of the United States Post Office. The DRI contained 530,569 square feet of office/warehouse space.

Recent Modifications The 6th amendment, approved 04/05/2004, altered land uses, added three industrial Planned Development Lots to the mix, and changed the monitoring report requirement to biennial.

Current Project Status As of this monitoring report (09/2002), 3,200 sq. ft. of retail space have been constructed (Fort Myers Petroleum LLC). Although both parcels have separate DOs, the two pieces together are treated cumulatively as the Omni Interstate Park/Forum DRI. Parcel A's uses include 323,693 s.f. retail and 160 hotel units. The Forum (Parcel C)'s uses (approved uses section) make up the rest.

Recent Modifications Trust 82, the owner of 105 acres located within the northeast quadrant of the DRI, withdrew its property. In August 2002, Parcel C split from the remainder of the DRI to become known as the Forum. Parcel A remains as the Omni Interstate Park DRI.

Current Project Status In 1987, the mall completed substantial deviation review. Subsequently, a second substantial deviation review was filed and was placed on indefinite hold. The second review was withdrawn (see ID #147). As of November 1, 2000, the mall contained 898,549 square feet of leasable space. No further development took place during 2001. See ID #5 for information about the original mall DRI.

Recent Modifications See ID# 147 for more information

Current Project Status Citygate DO 2000-2 (Res 2000-151) provides that significant physical development must begin by Oct 28, 2002. Utilities installation, which constitutes significant physical development, was commenced on Sep 24, 2002, thereby accommodating development initiation and vesting the Citygate project. As of the 12/01/2004 report, no new construction commenced.

Recent Modifications In 2000, Collier County approved the development order 2000-03, which amended the phasing schedule and extended the project's build out date to 2012. Collier County's expansion of the water plant facility that Citygate surrounds has resulted in the relocation of Lake Boulevard, the extension of a County sewer main into Citygate, and the acquisition of five easements from Citygate for well fields etc.

Current Project Status As of December 30, 2002, the DRI contained 304 residential units, an 89 room hotel, 95,000 square feet of non-retail commercial space, and 93,680 square feet of retail space. The project also contained 7,000 square feet of ancillary uses.

Recent Modifications Discussions of declaring the project essentially built out are under way. Bonita Springs approved Zoning Ordinance 04-08 on May 24, 2004, which extended the buildout date. In 1999, Lee County approved the second amendment of the DRI, which changed the project name, added an ACLF, and deleted the ROW for County Line Road.

Current Project Status The most recent annual report for the DRI was in 1991. At that time, 48 multi-family units were complete. The actual status of the development is unclear. An electrical substation was constructed on a portion of the site. The Development Order has expired, but the project was built out in 1992.

Recent Modifications The development order has expired and further development will require an amendment to the development order.

 (Most Recent Monitoring Report Submittal)

Housing Units	<input type="text" value="0"/>	Commercial Sq Ft	<input type="text" value="2,519"/>
Office Sq Ft	<input type="text" value="131,798"/>	Industrial Sq Ft	<input type="text" value="0"/>
Hospital Beds	<input type="text" value="0"/>	Hotel Rooms	<input type="text" value="0"/>
Wet Slips	<input type="text" value="0"/>	Dry Slips	<input type="text" value="0"/>
Others	<input type="text"/>		

Current Project Status As of the 2002 report, the FQD contained 131,798 square feet of general office space and 2,519 square feet of related retail space. This development represents all of Phase I and portions of Phase II and III. Ownership has changed again. The project has also been known as One University Center.

Recent Modifications In January 2002, the Department of Community Affairs granted an extension to the build out date to December 30, 2007. The annual monitoring report required for transportation is no longer necessary because the effect of the construction of the Midpoint Bridge has been to divert and significantly reduce the traffic at the intersection of College Parkway and Summerlin Road.

Current Project Status As of 03/18/2005, the Pelican Bay DRI contained 1,035 hotel units, 35 nursing home beds, and 6,725 residential units. Office space totaled 435,998 square feet. A total of 414,100 square feet of retail space had been built. The Philharmonic Hall contained 1,221 seats and 460 parking spaces.

Recent Modifications On September 21, 2004, the Collier County Board of County Commissioners approved Resolution #2004-286, which reallocated portions of the previously approved but unbuilt amount s of commercial (office and retail) uses from the North Commercial Area to the South Commercial Area. It also reduced the housing units. See ID #24.

Current Project Status Through an NOPC, a 0.32 parcel north-west and adjacent to the Cedar Bay Marina has been purchased. As of this time, there are no plans to incorporate this into the Cedar Bay Development. No final plans of the intended use of this parcel have been determined. The marina contains 25 wet slips, 352 dry storage spaces, 4,390 square feet of retail space, and 3,150 square feet of service space.

Recent Modifications In 1998, Marco Island became an incorporated municipality and has jurisdiction over the Cedar Bay Marina site. The developer has completed the manatee monitoring report requirement which limited the number of dry storage spaces.

Current Project Status As of August 16, 2000, the DRI contained a total of 417,226 sq. ft. of retail and entertainment space. This includes the multi-screen theater/retail facility, which was completed in May of 1996.

Recent Modifications On April 30, 2001, the BoCC approved the 4th DO amendment for this project. This amendment extended the build-out and termination dates of the project to October 28, 2007.

Current Project Status During this monitoring report period, 142 dwelling units were constructed. A total of 812 residential dwelling units were constructed within Increment One.

Recent Modifications In December 2004, an amendment to the development order was adopted. This amendment extended the buildout and termination dates to 1/8/2009. It also changed the monitoring requirement from annual to biennial. The next monitoring report is due 12/15/2005.

Current Project Status In 1991, the DRI application was withdrawn and the property was purchased by the Southwest Florida Water Management District for potable water and wildlife conservation management. The district management plan allows limited public recreational use.

Recent Modifications The property is now public lands. The project will never be developed.

Current Project Status Approved for an 8,400-ft. commercial jet runway and taxiway, a 3,700-ft. general aviation runway and connecting taxiways, a 28-gate terminal, an air cargo facility, ramps, related roadway system, drainage, and a rental car service area.

Recent Modifications The original project is ID #23 and substantial deviation II is ID #119. The Lee County Port Authority is in the process of completing the Airport Master Plan Update. An application to amend the Lee County Comp Plan to include the Airport Master Plan Update will be submitted ASAP. The Lee Plan amendment, when approved, will be consistent with the requirements of CS/HB 261, and the DRI for the airport will formally be abandoned.

Current Project Status in 1993, Lee County withdrew its participation in the development application, prompting a lawsuit by the private developer. Private developer claims a breach of contract as the cause of action. The DRI will never be developed as originally stated within the application, however, a non-DRI marina facility exists onsite.

Recent Modifications During the development order review period, the Lee County Board of County Commissioners decided to withdraw from the DRI process. The marina owner then sued the County for a breach of contract.

Others			

Current Project Status As of November 2000, the existing terminal building was expanded to 17 gates. The airport property contains 13,517.66 acres, including mitigation area. The airport currently contains a 349,601 square foot terminal, a runway, and 2,082 parking spaces. The Daniel's Parkway Extension through airport property was completed November 2000.

Recent Modifications The original project is ID # 23 and Substantial Deviation I is ID #112. The Lee County Port Authority is in the process of completing the Airport Master Plan Update. The Lee County Comp Plan is amended to include the Airport Master Plan Update. The Lee Plan amendment is consistent with the requirements of CS/HB 261 and the DRI for the airport is exempted from the DRI process.

Current Project Status As of May 5, 2000, the entire master DRI contained 5,483 residential units, 69,475 square feet of office space, 320,009 square feet of retail space, and 104 skilled nursing beds.

Recent Modifications This substantial deviation is an environmental assessment and mitigation analysis for the eastside of the DRI (ID #48). Prior to this substantial deviation for the MDO, environmental assessments and mitigation analysis were conducted in incremental stages. Resolution 2004-077, passed on 5/4/04, changed the monitoring report to biennial status for all increments within the MDO.

Current Project Status The last report was filed in 1999. Vertical construction has not occurred on this site and the applicant's lease with the Lee County Port Authority has lapsed. According to the Port Authority, all plans for development of this project have been dropped and the DRI will be abandoned formally next year.

Recent Modifications The project's site lease has expired. The Development Order has been terminated and abandonment of the DRI is being discussed. Development on this site now requires a substantial deviation. Kinder Morgan acquired GATX holdings in south Florida in 1999. Kinder Morgan has dropped all plans to develop these facilities and has allowed the lease option to lapse. Kinder Morgan and the firm have agreed to abandon the DRI. This process will be formally initiated next year.

Current Project Status As of the 01/03/2000 monitoring report, this DRI contains 23,721 square feet of retail space, 134 hotel rooms, and a 67,500 square foot office building.

Recent Modifications On March 15, 2005, a substitute ordinance was approved. This ordinance corrected a scrivner's error in transportation condition number H.1.e. On November 18, 2003, the Sarasota BoCC approved ordinance 2002-084, which modified general conditions, land use conditions, and several transportation conditions. This ordinance modifies ordinance 2000-047, which remains in full force and effect.

Current Project Status As of September 19, 2000, the DRI contained 445,241 square feet of office space, 252,710 square feet of industrial space, 20,032 square feet of retail space, and 148,704 square feet of institutional space (a private school and a private3 college).

Recent Modifications On February 14, 2001, an NOPC was approved to change the name, internal roadway alignment, a net reduction of 2.5 million square feet, and extended the build out of each segment by 12 years. This project is reviewed in conjunction with the University Lakes DRI in Manatee County.

Current Project Status As of the 2005 report, the DRI contained 541 residential units, 707,785 square feet of commercial space (including two hotels), 11,600 square feet of office space, a 40,500 square foot storage facility, and a cellular tower. See ID #s 32 and 75 for the original Sandhill DRI and substantial deviation I.

Recent Modifications On May 28, 2002, a change in the build out date to September 30, 2006 was approved in resolution 2002-064. On November 12, 2002, resolution 2002-178 was approved. It reduced residential units from 4,022 to 3,608 on 181.12 acres and increased commercial from 946,000 sq ft to 1,606,000 sq ft on 197.2 acres. On February 11, 2003, resolution 2003-028 was approved. Changes to residential units, commercial, retail, and preservation lands were included.

Current Project Status *The monitoring reports submitted since 2002 include building data prior to 2002, so the 2002 information is used in this report. As of June 30, 2002, Pelican Landing has approximately 3,000 residential units committed for construction by local development order. Of those residential units, 2,606 have been completed and occupied and 150 units are currently under construction. Commercial retail/restaurant space is 16,000 square feet and office space is still 187,300 square feet.

Recent Modifications On October 25, 1997, the Pelican Landing D.O. was amended to increase the number of hotel rooms and reduce retail space. On June 21, 1999, the development order was amended to decrease retail and increase office space. On February 26, 2002, Master Plan Map H was modified to reflect incorporation of Bonita Springs. On October 16, 2002, the project's build out date was extended to May 20, 2009 and the termination date was extended to May 20, 2012.

Current Project Status As of the 03/29/2004 report, there were 168 slips built prior to the approval of the ADA in the canals, and 255 have been built since the ADA was approved. There are 65 slips yet to be built in the canals. 42 slips have been built since the ADA was approved in Ostego Bay. The total slips built in the canals, Bay, and yet to be built will total the 530 approved in the ADA. The Federal ACOE permit has been issued for the remaining docks at Royal Pelican.

Recent Modifications This project is now within the Town of Fort Myers Beach.

Current Project Status In 1987, the mall completed substantial deviation review (see ID #88). Subsequently, a second substantial deviation review was filed and was placed on indefinite hold. The second review was withdrawn (see ID #147). As of November 1, 2001, the mall contained 898,549 square feet of leasable space.

Recent Modifications This project was the second substantial deviation for the original Mall. See ID #s 5 and 88. In 1998, after being placed on indefinite hold, the project was formally withdrawn. No development activity has occurred during this reporting period.

Current Project Status This project is a substantial deviation to The Strand (ID# 102). As of Sept 11, 2002, the DRI contained 200 single-family homes, 30 two-family, 716 multi-family, 65,000 sq. ft. of general commercial space, and 61,500 sq. ft. of neighborhood commercial. Also, this project has a golf course with country club, a tennis facility, and fitness center.

Recent Modifications This DRI is a substantial deviation to the previously approved The Strand (ID# 102). The latest amendment for this development, Resolution 02-459 (11/02), decreases the number of residential units from 1,200 to 1,160 units and gives the developer the option to add the use of 120 residential units in lieu of a 140 unit hotel in the activity center district.

Current Project Status Construction continues for Silver Oak subdivision, Parcel S1a, and the Vineyards, Parcel S1b. Closing date for parcel S1c occurred on April 5, 2001, and construction has commenced. This is the eleventh increment to be submitted for the Palmer Ranch Master Development (ID #48) and the sixth increment to the Palmer Ranch "Eastside" area (ID #122).

Recent Modifications A Notice of Proposed Change for this Increment was approved on May 16, 2001. This amendment added 48.5 acres to the Increment to include all of Parcel S, recognizing a change from multi-family to single family on Parcel S1c and reduce the number of units to 280.

Office Sq Ft	0	Industrial Sq Ft	0
Hospital Beds	0	Hotel Rooms	0
Wet Slips	0	Dry Slips	0
Others	318,938 square foot terminal building, runways, and other airport related structures		

Current Project Status The original DRI for the Sarasota Bradenton International Airport (ID #68) was completed in 1993. In December 1996, the Airport filed a substantial deviation application (ID #156). The application was approved in March 2000. As of July 16, 2002, the DRI contained a 318,938 square foot terminal building and a 54 acre commercial are was under construction.

Recent Modifications Resolution 2004-088 was adopted on May 11, 2004 by the Sarasota County BoCC. This resolution modified the adopted Map H and amended several of the conditions of approval. Resolution 04R-1751 was adopted on May 17, 2004 by the City of Sarasota's City Commission. This resolution There is a pending substantial deviation application under review (ID#177).

Current Project Status This project, formerly known as "University Village Centre", is the second portion of the former Alico AMDA (ID #124) to be submitted as a separate DRI. As of November 1, 2004, 144 multifamily housing units have been constructed. The Nov 2004 traffic monitoring report shows that the existing units generate less than 2.0% of the DRI approved external trips.

Recent Modifications A 40+ acre tract of land has been sold to the University Club Apartment/Gulf Coast, LLC.

Current Project Status As of the June 2003 report, development has not commenced for this project and the commitments required by the DO are still incomplete.

Recent Modifications The DO was amended on 06/25/02. It reduced the number of residential units by 592. Of the 2,382 units, 1,440 may be single family units and 860 may be multi-family units. The approved 45 hole golf course on 358 acres is reduced to 18 holes on 164 acres and the amount of preservation lands increased to 796 acres.

Current Project Status This project is a substantial deviation of the existing "Glen Eagle Golf & Country Club" DRI (ID #81). This substantial Deviation deleted unbuilt commercial development in favor of assisted living and nursing facility residential developments.

Recent Modifications The former developer, Transeastern Corp., has sold out all its lots and turned the association to homeowner control. Homeowners Association completed a PUD monitoring report to the best of their ability.

 main infrastructure under construction

Current Project Status Area #1 has approvals and is under construction for the main infrastructure along with the first phase of the 450 MF unit Rapallo Project and the Estero Fire Station. Area #2 has approvals for its first phase of 595,959 sf of commercial retail. Completion of all of the project's accesses to US 41 (with the 6-laning project by FDOT) is anticipated in the first quarter of 2005.

Recent Modifications The First Amendment, approved 2/7/2005, reduced the number of hotel rooms from 600 to 350, decreased the number of apartments from 450 to 250, and increased the number of residential condominiums from 550 to 1,000.

Current Project Status The sports complex is complete with 7,950 seats and a 5,000 square foot restaurant. The site also contained a 4,340 square foot service station. Phase I and II of the Miromar Outlet, consisting of 407,667 square feet of retail space, have been completed and are in operation.

Recent Modifications This development is the second substantial deviation to the Timberland & Tiburon DRI (IDs #63 and 150). On September 16, 2002, the Lee County Board of County Commissioners adopted the seventh amendment to the DO. This amendment includes the following changes: Added a 126.7 acre tract of land, changed approved uses amounts, and added language regarding management of the DRI DO.

Current Project Status The ADA was submitted on August 5, 2005. The City of North Port requires the ADA to be submitted simultaneously with the Comp Plan amendment request. Since there is a moratorium on comp plan amendments until at least October 2005, the ADA is not considered officially submitted and the review clock has not been started.

Recent Modifications
