Source: Florida Population Estimates, April 1, 2008. Population Program, Bureau of Economic and Business Research, University of Florida. These estimates supersede the April 1, 2007 Florida Population Estimates. The DRI thresholds are effective as of November 1, 2008.

NOTE: Alachua, Gadsden and Highlands Counties show an increase in the residential thresholds this year.

* The threshold within these counties is increased 2.5 times to reflect their designation as a rural area of critical economic concern. The increase also applies within Pahokee, Belle Glade, South Bay, Freeport and the Immokalee area. See 380.06(2)(e), F.S., and Executive Orders 99-275 and 01-26, 03-74 and 04-250
